

ReMarket

Policy Renewal Manager:
Streamline Renewals by programmatically re-quoting with current policy details.

Systemize your renewal process by re-quoting your policies with current policy details from your agency management system.

Programmatically Requote Policies that have been previously quoted but not sold. Policies are automatically requoted 45-90 days prior to the expected renewal date using the prior year's application. When your insured is ready to purchase a policy that you've requoted, just open the prior year's application, make any necessary changes, and move forward to binding the policy.

Dedicated Quotes Tab on the agency dashboard flashes when a new quote is available for review.

Generate a Bindable Proposal straight from your agency dashboard, all without logging into the carrier's site.

Re-Quoted Date	Effective Date	Client Name
01/02/2016	03/02/2016	A Cut Above
10/17/2015	12/17/2015	Summit Avenue Clinic
10/09/2015	12/09/2015	United Medical Office
09/14/2015	11/14/2015	Romero, Daniel
09/11/2015	11/11/2015	Romero, Daniel dba Flowers R Us
